Theta Tau Educational Foundation

2025 Gratitude Report

THETA TAU

Letter from the PRESIDENT

Dear Theta Tau Brothers and Supporters,

What a year. Together, we awarded 34 scholarships, recognized 65 brothers for academic excellence, and engaged more than 200 students and alumni through professional development programs. These numbers represent real impact, brothers who can focus on their studies, build confidence, and prepare for meaningful careers.

This year we expanded our professional development offerings with two webinars, one on AI communications and another on confident public speaking, while sponsoring an etiquette luncheon at National Convention that reached 200 student members. Our 1904 Founders Legacy Challenge energized Founders Day, raising over $35,000 and connecting every gift back to our founding mission.

I'm excited to welcome Chris Eichman (Upsilon '08), George Kostopoulos (Xi Beta '88), and Greg Ferguson (Gamma Beta '95) to our board. Their energy and expertise will help guide us forward. I also want to recognize Sean Walsh (Gamma Beta '76) and Mark Wisneski (Upsilon Beta '00) who stepped down this year after years of dedicated service. Sean and Mark's contributions have shaped who we are, and we're deeply grateful for their commitment.

Finally, we celebrated the establishment of the Henry R. Lucenius Fund, adding another named scholarship to support future generations of engineering leaders.

Thank you for your generosity and your belief in this mission. Together, we're building something that lasts.

In H&T,

Katie Griffin, Xi '02
President
Theta Tau Educational Foundation

History of the THETA TAU EDUCATIONAL FOUNDATION

Established in 1998 as an independent 501(c)(3) organization separate from Theta Tau Fraternity, the Theta Tau Educational Foundation (TTEF) was created with a distinct mission: to support and enhance the educational and leadership development of Theta Tau members. While we work closely with the fraternity, our foundation operates independently, focusing specifically on advancing academic excellence, leadership development, and professional growth within the engineering community.

Our Mission

The Foundation serves as the philanthropic cornerstone for supporting educational initiatives, providing:

- Merit-based scholarships for academic achievement
- Leadership development programming
- Professional development opportunities

Key Milestones

THETA TAU LEADERSHIP ACADEMY

Launched in 1999, the Leadership Academy represents one of our earliest and most impactful initiatives. This program replaced the National Conferences previously held in odd-numbered years since 1983. Based on The Leadership Challenge model by Kouzes and Posner, the Academy has evolved to meet contemporary leadership needs while maintaining its core mission of developing engineering leaders. Now run by the Fraternity, we still provide scholarships and financial support for this event.

SECOND CENTURY SOCIETY

Established in 2001, this society recognizes forward-thinking alumni who include Theta Tau Educational Foundation in their estate plans, ensuring sustainable support for future generations of engineering leaders.

NAMED FUNDS AND SCHOLARSHIPS

Our named funds represent the lasting legacy of brothers and chapters committed to engineering education:

- **2004**: George P. Kalv Fund, First Named/Permanent Fund
- **2007**: Iota Beta Permanent Fund
- **2008**: Simon Ramo (Lambda ‘33) Scholarship Fund
- **2009**: William S. Johnson (Rho ‘42) Permanent Fund
- **2009**: Beta Chapter Scholarship Fund
- **2010**: Multiple funds established:
  - Robert L. Miller (Omicron ‘41) Scholarship
  - Jeremy G. Chan (Tau Gamma ‘08) Permanent Fund
  - J.B. “Bert” Ladd Scholarship
  - Robert E. Pope (Zeta ‘52) Scholarship
- **2024**: Henry R. Lucenius Fund
- **2025**: Henry R. Lucenius Fund awards first scholarships

A NEW LEGACY: THE HENRY R. LUCENIUS FUND

This year, we proudly announced the establishment of the Henry R. Lucenius Fund, our newest named scholarship. This fund reflects the continued generosity of donors who understand the lasting impact of endowed giving. In its first year, the Lucenius Fund supported 12 scholarship recipients, more than any other single fund, demonstrating both the donor’s extraordinary commitment and the immediate difference named funds can make. We’re grateful for this addition to our scholarship family and look forward to the lives it will change for years to come.

LOOKING FORWARD

Today, the Foundation continues to expand its impact through innovative programming and dedicated donor support. Having distributed over $175,000 in financial aid since inception and graduated more than 1,000 student members from Leadership Academy, we remain committed to our founding purpose: fostering excellence in engineering education and leadership development.

As an independent foundation, we rely on the generous support of alumni and friends who share our vision for developing the next generation of engineering leaders. Every contribution directly supports our mission of advancing engineering education and leadership development, distinct from fraternity operations.

RESTROOMS

Professional Development HIGHLIGHTS

In 2025, the Theta Tau Educational Foundation continued expanding our professional development offerings, bringing valuable career resources to brothers across the country. Through virtual programming and in-person events at National Convention, we engaged more than 200 students and alumni this year.

AI COMMUNICATIONS WITH KENDRA CORMAN

In March, nearly 50 brothers joined our webinar on leveraging AI tools for professional communication. Participants learned practical techniques for using AI to strengthen their writing voice, streamline workflows, and stay competitive in an evolving workplace. The session included Kendra's popular "AI Voice Prompt" technique, giving attendees a tool they could implement immediately.

MASTER THE ART OF CONFIDENT COMMUNICATION

In June, expert facilitators Sarah Harfield and Keith Fields led a session on confident public speaking. Brothers learned impromptu speaking techniques, preparation strategies for presentations, and how to create strong first impressions. Whether presenting to clients, leading team meetings, or interviewing for jobs, participants walked away with tools to communicate with clarity and confidence.

NATIONAL CONVENTION ETIQUETTE LUNCHEON

At National Convention in Milwaukee, the Foundation sponsored an etiquette luncheon for 200 student members. This hands-on session prepared brothers for professional dining situations, networking events, and business meals. Learning these skills in a supportive environment gives our members confidence as they transition from campus to career.

LOOKING FORWARD

The success of this year's programming demonstrates the demand for continued professional development within our community. The Foundation remains committed to expanding these offerings, providing members with the tools and knowledge needed to advance in their careers. By leveraging virtual platforms alongside in-person events, we can reach more brothers than ever before.

ACADEMIC ALL STARS*

200+
STUDENTS AND ALUMNI ENGAGED THROUGH PROFESSIONAL DEVELOPMENT

10
NAMED FUNDS SUPPORTING SCHOLARSHIPS

* The Academic All-Stars program was established to honor the achievements of Theta Tau Brothers and Candidate Chapter Members in the classroom. It is open to all undergraduates with a grade point average of 3.4 calculated on a 4.0 scale (4.4 for schools on a 5.0 scale). One member from each of the ten Theta Tau regions will be named a “Most Valuable Academic Brother (MVAB)” and will be further rewarded with an honorarium from the Educational Foundation.

Voices of GRATITUDE

The impact of the Theta Tau Educational Foundation resonates through the heartfelt words of our scholarship recipients and program participants. Their stories highlight how foundation support transforms educational journeys, builds professional foundations, and fosters lifelong connections.

PROFESSIONAL GROWTH & ACHIEVEMENT

Max Leland

Upsilon Epsilon Chapter
Santa Clara University

"I really credit a lot of my professional success to Theta Tau and the resources that they have provided me with. Whether it's LinkedIn workshops, resume touch-ups, or interview prep, the professional development has been invaluable."

Rebekah Muldoon

Gamma Beta Chapter
The George Washington University

"At my first resume workshop, I learned how to reach out to professors about lab research. That's how I gained my first laboratory position, where I built my foundation of skills that gave me a summer internship at the Uniformed Services University."

EDUCATIONAL SUPPORT

Sakiko Pizzorno

Iota Zeta Chapter
Cal Poly San Luis Obispo

"I am so excited and grateful to have received the Educational Foundation Scholarship, which will allow me to work fewer hours during the school year to focus more on my studies."

Garrett Ziegler

Lambda Gamma Chapter
Clemson University

"Theta Tau has helped me develop into a more well-rounded individual and engineer, and it has made me want to pursue a master's degree, which is now more possible with the scholarship I was awarded."

COMMUNITY & LEADERSHIP

Kate Flaherty

Lambda Epsilon Chapter
University of San Diego

"Theta Tau has been an integral part of my engineering experience. It has been a source of community to support me through my imposter syndrome and has allowed me to connect to upperclassmen who offered guidance as I navigated my way through school."

Anya Tillman

Phi Delta Chapter
Florida State University

"I was a transfer student and at such a big school I found it really difficult to meet new people. When I found Theta Tau, it was super exciting because it was a group of engineers who were all super close to each other."

BUILDING LASTING CONNECTIONS

Grahm Schuth

Sigma Chapter
The Ohio State University

"I landed a mechanical engineering co-op at Lubrizol Corporation thanks to a chapter alumni. This scholarship validates my passion for the fraternity and allows me more time and freedom to develop myself. I will certainly pay it forward when I become an alumni."

Nathan Casey

Omicron Chapter
University of Iowa

"The biggest lesson I've learned is just how important it is to have a good, strong, and dedicated group around you. The financial support is instrumental, but most of all, it shows the merit of the fraternity. It shows that people care."

2025
SCHOLARSHIP RECIPIENTS

The Theta Tau Educational Foundation is proud to recognize our 2025 scholarship recipients. These 34 brothers represent excellence across engineering disciplines and embody our values of academic achievement, leadership, and service. Selected from a competitive pool of applicants, these recipients demonstrate outstanding academic performance while actively contributing to their chapters and communities.

Our scholarship program, supported by the generosity of our donors and named funds, continues to grow in both reach and impact. Through these scholarships, we invest in the next generation of engineering leaders.

2025
ACADEMIC ALL STARS

The Theta Tau Educational Foundation proudly recognizes brothers who have demonstrated exceptional academic achievement. Academic All Stars have maintained at least a 3.0 GPA, with many achieving perfect 4.0 GPAs. This year, we recognized 65 brothers for academic excellence across 30 universities.

We are especially proud to recognize our Most Valuable Academic Brothers (MVABs), one outstanding scholar from each Theta Tau region.

2025
THE GARNET CLUB

The Garnet Club represents our foundation's commitment to fostering early-career philanthropy and sustainable support. Members of this distinguished group are brothers who donate $500 to the foundation within five years of graduation, demonstrating exceptional dedication to our mission.

RECOGNITION AND IMPACT

New members receive a commemorative laptop sticker upon initiating their giving journey. Upon fulfilling their donation pledge, members are honored with:

- A distinctive Garnet Club hat
- A framed certificate recognizing their commitment
- Recognition on Garnet Club's webpage
- The lasting satisfaction of supporting future engineering leaders

Through their early-career generosity, Garnet Club members play a vital role in nurturing academic excellence, leadership development, and the enduring bonds of brotherhood that define the Theta Tau experience.

Alexander Konrad Thiebes, Mu – University of Alabama

Alexis Sara Gorin, Gamma Beta – The George Washington University

Alexis Yau-Hong Wong, Mu Gamma – SUNY-Buffalo

Alivia Taylor Tongate, Omicron Epsilon – Northern Arizona University

Alvi Kabir, Theta Epsilon – New York University

Andrew Daniel Letterle, Mu – University of Alabama

Andrew Kenneth Lloyd MSEM, PE, Upsilon Gamma – University of South Florida

Angelo Anthony Piccinone Jr, Rho Gamma – University of Central Florida

Ari Joshua Falkner, Delta – Case Western Reserve University

Arthur Edwin Morse, Sigma – The Ohio State University, 1954

Ashka Devrajsinh Atodaria, Delta Gamma – Arizona State University, 2007

Benjamin Huang, Zeta Epsilon – Stony Brook University

Benjamin Jensen Hector, Omega – South Dakota School of Mines

Bill Gregory Seib, Lambda – University of Utah

Brett Aaron Nemeroff, Rho Gamma – University of Central Florida

Brian Alan Lasher, Upsilon Gamma – University of South Florida

Brittany Danielle Brumback, Gamma Beta – The George Washington University

Charles Watson Xia, Theta Epsilon – New York University

Chris Allen Leitenberger, Zeta – University of Kansas

Christopher Clark King, Tau Beta – Southern Methodist University

Cody Taylor Fackender, Beta – Michigan Technological University

Craig David Beuerlein, Tau Delta – Miami University

Dana J. Griggs, Sigma – The Ohio State University, 1969

David Andres Marquez, Omega Gamma – Florida International University

David Charles Brue, Omicron – University of Iowa

David Paul Wengert, Lambda – University of Utah

Derico Montrey Fuller, Lambda Delta – University of the Pacific

Deshon Ameer Purvis, Phi Delta – Florida State University

Donald Francis LaRobardiere, Tau – Syracuse University, 1969

Edward Alan Gold PE, Gamma Beta – The George Washington University, 1976

Elijah John Aude, Iota Delta – Vanderbilt University

Emily K. Maddox, Rho Gamma – University of Central Florida

Ender Jose Barillas Rodriguez, Tau Beta – Southern Methodist University

Eric Alexander Wylie, Kappa Beta – Mississippi State University

Eric J. Wise, Tau Beta – Southern Methodist University

Erik Thomas Deddens, Zeta – University of Kansas, 2013

Erin Mercedes Speicher, Chi – University of Arizona

Erin Michelle Harris, Zeta Gamma – University of Florida

Eugene Glen McNurlen, Xi – University of Wisconsin-Madison, 1971

Gabriela M. Abadia-Doyle, Zeta Gamma – University of Florida

Gary Douglas App, Nu Gamma – SUNY-Binghamton, 2012

Gary Lee McClain, Upsilon – University of Arkansas, 1961

Homer Hopson Glascock IV, Chi – University of Arizona

Imad Saheed Thambi, Zeta Delta – University of South Carolina

Ishan Sethi, Zeta Epsilon – Stony Brook University

Jackson Palmer Bartay, Xi Gamma – Texas A&M

James (Herb) H. Hyatt, Kappa Beta – Mississippi State University

James Delmar Cote, Beta – Michigan Technological University, 1962

James Drye, Delta Beta – University of Louisville, 1971

James Roy Grigg, Beta – Michigan Technological University

James Russell Milner, Alpha – University of Minnesota, 1957

Jed Donikyan, Omega Beta – Hofstra University

Jeff James Mantes, Nu Beta – University of Wisconsin-Platteville, 1976

Jeff Jeffery Lavell, Chi – University of Arizona

Jerry Perciful, Upsilon – University of Arkansas, 1960

John Anthony Aldecoa, Chi – University of Arizona

John Edward Phillips, Lambda – University of Utah, 1966

John Francis Williams, Omicron – University of Iowa, 1983

John Robert Moody, Chi – University of Arizona

John Synhorst, Omega – South Dakota School of Mines, 1968

Johnathan Miller

Jonathan Lee Barger, Tau Beta – Southern Methodist University

Joseph Norbert Meade, Omicron – University of Iowa, 1969

Joshua Caleb Sepulveda, Psi Beta – University of Texas-Austin

Joshua Lee Kaliszewski, Chi – University of Arizona

Joshua Michael Hammock, Zeta Gamma – University of Florida

Justin Klingenberger, Rho Gamma – University of Central Florida

Katherine Marie Shaw, Upsilon Gamma – University of South Florida

Keri Jean Allen, Zeta Gamma – University of Florida

Kevin J. Mineart, Omicron – University of Iowa

Kevin J. Zheng, Theta Epsilon – New York University

Keyannah Holloway, Mu – University of Alabama

Kristie M. Rock, Zeta – University of Kansas, 1986

Kristofor Brant Horst, Tau Beta – Southern Methodist University

Laura Lea Graber, Nu Beta – University of Wisconsin-Platteville

Lauren Marie Stemper, Alpha – University of Minnesota

Linda Robert Olivares, Eta Beta – University of Houston

Lloyd Stephen Knapp, Phi – Purdue University, 1965

Lorie Deering, Nu Beta – University of Wisconsin-Platteville, 1987

Loyal C. White, Eta Beta – University of Houston, 1965

Lucas Wayne Cradic, Xi Gamma – Texas A&M

Madelynn Aiken Farmer, Upsilon Beta – Old Dominion University

Maria c. Gordon Hess, Chi – University of Arizona

Mario G. Garzes, Psi Beta – University of Texas-Austin

Marlene Colette Macron, Psi Gamma – Virginia Tech

Marquis William Canby, Omicron – University of Iowa, 1963

Megan Elizabeth Bailey, Lambda Epsilon – University of San Diego

Michael Anthony Fronda, Rho Gamma – University of Central Florida

Michael Edward Tomaszewski, Delta Gamma – Arizona State University

Michael M. Navickas, Zeta – University of Kansas, 2018

Michael Robert Re, Gamma Beta – The George Washington University

Miles Allan Smither, Eta Beta – University of Houston, 1967

Mitchell Bonich, Iota Beta – University of Detroit-Mercy, 1973

Nathan David Eitrheim, Omega – South Dakota School of Mines

Neil Clark Hikade, Beta – Michigan Technological University, 1971

Nicholas Attilio Amato, Omega Beta – Hofstra University, 2004

Nicolas Antonio Yep, Omega Gamma – Florida International University

Noah Webster Rucker, Theta Gamma – University of Michigan

Paul Casano, Omega Beta – Hofstra University

Philip Jeffrey Nicholls, Psi – Montana Tech

Randall Joseph Scheetz, Omicron – University of Iowa, 1979

Rene Arthur Cloutier, Chi – University of Arizona

Richard John Storm, Omega – South Dakota School of Mines

Richard Landis, Chi – University of Arizona, 1971

Robert Anthony Burke, Iota Beta – University of Detroit-Mercy

Roger Chuppa, Xi – University of Wisconsin-Madison, 1985

Samuel Joel Perlman, Phi Delta – Florida State University

Spencer Barlow Freeman, Lambda Beta – Tennessee Technological University

Sukrit Mehra, Xi Epsilon – California State University-Long Beach

T. Michael Garrison PE, FNSPE, Zeta – University of Kansas, 1962

Taryn Stephan Nall PE, Nu Beta – University of Wisconsin-Platteville, 1975

Terry Gene Bowman, Omega – South Dakota School of Mines, 1982

Thomas Delegeorge, Beta – Michigan Technological University, 1962

Timothy Jon Welty, Upsilon – University of Arkansas, 1984

Trey George Tamaki, Theta Beta – University of Washington

Troy Steele, Mu Gamma – SUNY-Buffalo

Varun Mehra, Theta Epsilon – New York University

William Abbott, Gamma – Colorado School of Mines, 1968

William Albert Latimer, Zeta – University of Kansas, 1955

William Arthur Frink, Phi – Purdue University, 1970

William Liev Robbins, Rho Gamma – University of Central Florida

Winfield Roger Woolsey, Delta Beta – University of Louisville

Alexander Stockman, Beta – Michigan Technological University, 2024

Louis Hegeman, Upsilon – University of Arkansas, 1965

Stanley Rice, Chi – University of Arizona, 1968

Bernard Theisen, Phi Beta – Oakland University, 2000

David Schueffner, Xi – University of Wisconsin-Madison, 1966

Freddie Ballard, Mu – University of Alabama, 1976

Kenneth J. Hutton, Sigma – The Ohio State University, 1960

Russell Warren, Delta – Case Western Reserve University, 1960

Ta Li, Theta – Columbia University, 1969

Jack Sansom, Mu Beta – Kettering University, 1972

Abigail Gillissie, Phi Gamma – Oklahoma State University

Daniel McGinly, Tau Gamma – University of Pennsylvania, 2008

Mary French, Sigma – The Ohio State University

Susan Bowen, Pi – University of Virginia, 1992

Lauren carman, Delta Gamma– Ohio State University

Dick Kabell, Eta Beta – University of Houston, 1972

2024-2025 FINANCIALS

Total Functional Expenses $251,164

Net Income $214,043

Balance Sheet

ASSETS

Total Assets $3,631,204

LIABILITIES

Total Liabilities $525,186

NET ASSETS

Total Net Assets $3,106,018

- Total Liabilities
- Total Net Assets

LOOKING AHEAD

FUTURE INITIATIVES

We're excited about what's next for the Theta Tau Educational Foundation. In 2026, we plan to expand our virtual professional development series, increase scholarship opportunities, and enhance leadership programs. These initiatives reflect our ongoing commitment to supporting brothers in their academic and professional journeys.

STAY CONNECTED

Whether you want to learn more about our programs, explore ways to get involved, or simply stay up to date on Foundation news, we'd love to hear from you.
